MEMORANDUM FOR: Deputy Director for Support

SUBJECT : Weekly Report of the Office of Training  
20 April 1967

1. Control of Agency Training Information

Tighter controls have been taken by the Office of Security with regard to Agency Training Information. Only four <sup>DCS</sup> ~~Security Officers~~ will have access to the material. Access in OTR is also limited to a need-to-know.

2. NIPA Fellowships

25X1A9a [REDACTED]

25X1A9a DDS, have been approved for NIPA Fellowships. [REDACTED]

25X1A9a were selected to receive from NIPA the \$1,000 stipend. [REDACTED] although approved, will not receive the stipend. Jim Grant of NIPA explained that whereas we had three highly qualified officers whom they wished to recognize, it was possible for them to provide stipends for only two. All NIPA candidates had previously been ranked so that the third ranked CIA nominee was not awarded the stipend, although he may have ranked higher than someone from another agency who did receive the \$1,000 stipend. The following is a quote from the NIPA brochure: "Occasionally, where special circumstances warrant it, awards are also made without this stipend."

request from OP for [REDACTED] to attend the 8 May running but explained to OP that the quota is filled and that he will be in line for a later space.

7. Last Minute Cancellations of External Training Nominees

25X1A9a

On 10 April the Registrar was notified telephonically by the NPIC Training Officer that [REDACTED] could not attend the 17 April running of the Effects of Technological Development, a TSB Course given at Kings Point. No other candidates could be found either in NPIC or within the DDS&T because of the short notice. This will, of course, result in a charge of \$450 with no services rendered. NPIC has been instructed to provide a memorandum stating the complete explanation and forward it through the same channels as the original request. Unfortunately, while excuses are always forthcoming, the Agency image is continually being eroded by last-minute withdrawals such as the above.

8. CT Program

Attached is a memorandum which highlights certain trends in the processing of Career Trainees. Data for the first three months of Calendar Year 1967 are compared with like data gathered from random samplings of cases processed during Calendar Year 1966. Also attached is a graph showing the number of applicant files received in 1966 as compared with those received through March, 1967.
